## SOURCE

- L. Two Rumanian ammunition dumps, the first located in a forest near Trifesti, south of Roman in Roman County, and the second situated in a forest near Itesti and Gura Fantani in Bacau County, have been taken over by the Russians. Since 5 September, one to two trainloads of 76.2 mm. and 121.9 mm. artillery azamenition have been unloaded nightly at these dumps. Unloadings were known to have taken place as late as the night of 22 September.
- 2. The capacity of these dumps is 2,000 freight carloads\* of ammunition.
- 3. The emmunition dumps at Hann Conache, forty kilomoters south of Tecuci in Tocaci County, has been prepared to receive Soviet munitions stocks.

Comment: It is not clear whether the combined capacity of these wo dumps is 2,000 carloads or whether each dump has that capacity.
